Subject: Marine Passenger Fee Proceeds use proposal.

Marine Passenger Fee Proceeds use proposal.

CBJ City Manager,

A significant “community impact created by the cruise ship industry” is funding CBJ’s costs associated with tourism.

Please use “Marine Passenger Fee Proceeds” to fund a comprehensive, independent, study that determines tourism’s impact on CBJ’s budget.

How much does the tourism industry cost CBJ?

And.

How much does the tourism industry contribute to CBJ?

Just 2 numbers.

#1- How much does it cost CBJ to host the tourists?

#2 - How much do they pay CBJ?

When we know that, we can better determine if tolerating the industry’s impact on the community is worthwhile.
