Top Questions Asked By Businesses

1. How much is this going to cost my business?

Nothing. Services provided to businesses by LeadsOnline are free of charge. All you need is a computer and Internet connection. (Law Enforcement pays an annual subscription to use the service.)

2. How secure is the LeadsOnline system?

The information you send is encrypted and our data center has passed the SAS 70 Type II security audit.

3. What if I don’t have the Internet on the same computer as my business software?

Simply save your daily transactions to a CD or USB drive. Then put the CD or USB drive in the computer with Internet access and send your file. Uploading takes only 30 seconds, on average.

4. What if I don’t have business software and still do transactions by hand?

If you write transactions by hand, LeadsOnline provides a user-friendly feature called Ticket Assistant to help you easily and rapidly input your daily transactions. As with all our services to businesses, Ticket Assistant is free of charge to you.

5. I have OLD software – will LeadsOnline still work for me?

Yes, as long as you can save a file of your transactions from your software. We can accept any file type except PDF or Word documents. You’ll be surprised just how flexible our Client Support Team is in working with older software.

6. Who sees my data? Can other stores (my competitors) see it?

Only authorized law enforcement officials investigating crimes have access to the data on the LeadsOnline system. This means that no one else can see your company information. And you can’t see anyone else’s data, either. You can only see the transactions you have sent us, and you can do so via your Store Monitor screen.

7. How often should I send my transactions to LeadsOnline?

Reporting requirements vary by state and jurisdiction; however, law enforcement prefers businesses to upload at least once a day. And if it’s done as part of opening or closing procedures, it’s easier to remember, and it takes only 30 seconds.

8. I’m not computer literate. Is this going to be hard for me?

Many of our clients – both businesses and law enforcement – are not technically savvy, but that’s why we offer free customer support. And we’ll never charge you, no matter how many times you call. We work very hard to make sure this is easy for you.

9. Do I need to install software on my computer to use LeadsOnline?

No – LeadsOnline is 100% browser-based, meaning it’s accessible only via the Internet. There is no need for software of any kind to be placed on your computer unless you choose to use LeadsOnline Image Capture to upload images. For more information about LeadsOnline Image Capture, contact our Client Support Team at (800) 311-2656.

10. If I upload to LeadsOnline, do I still need to do what I’ve always done in reporting to my local law enforcement agency?

It depends upon the circumstance, but generally no. LeadsOnline investigators access the information as needed during investigations, and will follow up with you if additional information is needed. If you are still unclear about the requirements put forth by your local law enforcement agency, then please contact the department directly.

11. Will my customers be aware that I am uploading?

No – the system does nothing to alert your customers to the manner in which you meet local reporting requirements. Your transactions are uploaded when you send them to us, in batch, each day.
